

Larry Almeleh

Distinguished Service Award

“Larry: he is a humble, masterful and quiet leader, who is funny, and incisive,” and that’s the kind of consensus you’ll get from the Building Committee.

As Chair of the Site Selection and Building committees for our new family support center, Larry is the “Consensus Builder” who successfully brought Wellspring Family Services to its first home after 117 years!

Fittingly, when Larry was informed of this award, he only agreed to accept this honor on behalf of the entire Building Committee.

And only Larry could navigate such a complex project and bring it in “on time and within budget” – his favorite two sentiments to remind the committee of over the last 4 years.

As financial support for this project poured in, Larry’s words of encouragement, “Phe-flipping-nomenal!!!” and “Fan-flippin-tastic work,” became the norm.

Larry says he first joined the Board because “I felt a sense of wanting to give back to the community in a meaningful way—not just financially, but actually knowing about the end users and the direct impact that efforts of a Board member can make.”

After nine years of Board service and hundreds of hours of professional work dedicated to making the vision of a family support center possible, his distinguished leadership has made, and will continue to make, a very tangible impact on families in our community for generations to come. Fan-legacy-tastic, Larry!
